

Dear Parent and Students,

The Trust has decided that as an extra precaution that when all secondary pupils are moving around the building, using staircases, and entrances that they will wear a face covering or mask.

Primary school children will not wear face coverings or masks unless it becomes mandatory.

Masks for secondary pupils must be provided by their home.

We understand that there is concern as we are returning and although it is not yet mandatory, we feel that as an additional precaution it will be wise.

Please can you ensure that your child has a face covering or mask.

We expect them to use the mask in:

- Corridors
- Staircases
- Common entrance and exit points
- Canteen areas

At this present moment, we do not expect children to wear masks in classrooms.

There may be some children who are unable to do so due to a medical condition, in this instance can you contact the school and we will make arrangements for your child.
